Project Name: Gorman's Gardens 3 (EESolar40 LLC)
Location: 14513 210th Ave N Borup, MN 56519
County: Clay
Estimated Pre-Development Costs: \$215,000
Offtaker: MN Com & Resi Subscribers

Community solar allows residents, especially those who can't install rooftop panels, to subscribe to a local solar project and receive credits on their electricity bills.

Funds from this raise will cover critical early-stage work like securing site control, paying interconnection fees, obtaining permits, and issuing environmental diligence studies.

Your investment helps move these projects closer to construction, expanding access to clean, affordable energy for Minnesota communities.

Team

Enterprise Energy is a nationwide developer of community solar power plants. The company takes a hands-on, personal approach to solar development, prioritizing a positive experience for landowners and strong communication with development partners and host communities.

Enterprise Energy is committed to building long-standing business relationships grounded in trust and proven competency. With over a decade of industry experience, the team brings deep expertise in navigating land use regulations and other permitting frameworks. Each project receives careful oversight and attention to detail, resulting in a high likelihood of success. Enterprise Energy is known for being the team that gets solar projects done.

Impact

This project portfolio is expected to generate local economic and environmental benefits by expanding access to clean, affordable solar energy for Minnesota communities. Community solar allows residents and small businesses to participate in the energy transition without installing solar panels on-site.

Use of Proceeds

Support critical early-stage activities such as site control, interconnection studies, permitting, and environmental diligence, enabling Enterprise Energy to advance projects toward construction-readiness while expanding access to clean, affordable energy for Minnesota communities.

Financial Information

The investment consists of a **24-month interest-only loan** that pays investors **quarterly interest payments at an annual rate of 11.25%**, scheduled for **January 1, April 1, July 1, and October 1** following the funding date.

At the end of the term, investors will receive a **final lump-sum payment** that includes any accrued interest and the full return of principal. There is **no prepayment penalty**.

Risk Disclosure

In making an investment decision, investors must rely on their examination of Enterprise Energy LLC and the terms of the offering, including the merits and risks involved. Investments on Climatize Earth Securities LLC are speculative, illiquid, and involve a high degree of risk, including the possible loss of your entire investment.

Representation Attestation
